Manufactured by: Nestlé Purina PetCare Company, St. Louis, MO 63164 USA

Puppy Chow Large Breed Formula is formulated to meet the nutritional levels established by the AAFCO Dog Food Nutrient Profiles for growth of puppies and maintenance of adult dogs, including growth of large sized dogs (70 lb. or more as an adult).

RECOMMENDED DAILY FEEDING AMOUNTS

Weight at Maturity (lbs)	1-1/2 - 5 Months (cups)	6 - 11 Months (cups)	12 - 20 Months (cups)	21 - 24 Months (cups)	After 2 Years
50 - 75	1-1/2 to 4-1/2	3-3/4 to 5-1/3	3 to 4-1/3	2-3/4 to 4	Transition to the Purina Dog Chow Formula That's Right For Your Dog
76 - 100	1-3/4 to 4-1/3	4-1/4 to 5-3/4	4-1/4 to 5	4 to 4-2/3	
101 - 130	2 to 5-3/4	4 to 7-1/3	4-1/2 to 6-1/4	4-2/3 to 5-2/3	
131-155	2-1/2 to 6-1/2	5-1/3 to 8-1/4	5-3/4 to 6-3/4	5-2/3 to 6-1/4	

Using a standard 8 oz measuring cup.

Overfeeding can be harmful, especially for large breed puppies (those weighing over 50 lbs at maturity).

That's why it is crucial that you follow the feeding guidelines shown, check your puppy's weight regularly, and adjust his food intake as necessary to maintain an ideal body condition.

This product is not appropriate for females in stages of gestation and lactation.

FEEDING WEANING PUPS

Puppies start to nibble on solid foods at 3 - 4 weeks of age. Keep moistened Purina Puppy Chow Large Breed (three parts kibble to one part water) available to puppies at all times until fully weaned (6 - 8 weeks of age).

FEEDING GROWING PUPS

After weaning, Purina Puppy Chow Large Breed can be fed moistened or dry at the same time every day — very young puppies three times a day, older puppies twice a day. Use the feeding guidelines shown here, but remember individual needs can vary. Feed to maintain ideal body condition as shown. Slight appetite changes and occasional digestive upsets are normal in puppies. If upsets become severe or linger longer than a day or two, contact your veterinarian.

SWITCHING TO PURINA PUPPY CHOW LARGE BREED

When switching to Purina Puppy Chow Large Breed from another food, please allow 7 - 10 days for the transition. Gradually add more Purina Puppy Chow Large Breed and less of the previous food to your pet's dish each day until the changeover is complete. This gradual transition will help avoid dietary upsets.

Provide adequate fresh water in a clean container daily.

For your pet's health, see your veterinarian regularly.
